PHYSICAL, OCCUPATIONAL, & SPEECH THERAPY

Excellent Care

FOX Outpatient Rehabilitation utilizes an evidence-based model of practice.

Our clinicians proactively address disabilities and functional limitations that occur as a result of acute or chronic orthopedic, neurologic, oncologic, or vestibular related medical conditions. FOX collaborates with physicians and other healthcare professionals to provide education and targeted interventions.

Clinicians monitor and modify individualized treatment plans to keep patients at their most optimal level of function.

REMARKABLE REMARKS:

“ My therapists were **professional** and **personable**. I am grateful for them and **I look forward to PT, which has never happened before.** ”
– Cheryl

“ This was my first time going through PT. I had a lot of pain before starting, but **they made me feel better. The therapists made me want to fight and push harder.** They are wonderful people and should **never change.** ”
– Kiesha

“ When I came to this facility I was in pain and afraid. My experience here is 100% professional. **The routines and treatments helped my pain go away. Now, I can move my neck with ease.** ”
– Debbie

FOX Mission

To rehabilitate lives by believing in the **strength of people.**

To believe in our people – allowing them the autonomy to facilitate and provide clinically excellent care to our community with compassion and respect.

To believe in our patients and their ability to achieve what they once thought impossible – optimal function to rehabilitate their lives.

ABOUT FOX

FOX offers individualized programs developed by innovative clinicians. Our clinicians have advanced training in mechanical diagnosis and therapy, emphasizing a hands-on approach.

Most medical insurance plans are accepted. Please check with your provider, a referral may be required.
